

To Whom it May Concern:

The new broadcast service known as Low Power FM (LPFM) - this will disrupt my current service to K-LOVE radio.

K-LOVE is vital to the listening environment for my children. It is family friendly, and safe at all times to children. There is no other station that provides this type of listening environment in our area if displaced by an LPFM broadcaster providing other programming.

K-LOVE provides a service that both enhances and supports our family values, as well as upholding the values of others in our community.
